- **September, 2017**
  - **Cert III in Early Childhood Education   H & H Training, Granville, NSW**

- **BSc (Mathematics) - India**

PROJECTS @ TAFE

Project # 1: Darpan Radio Website

Created a new website for Darpan Radio which is responsive and easy to maintain for site administrator. The existing website was redone using Bootstrap and PHP 5/MySQL along with AJAX & jQuery.

Project # 2: Single Page Application (Online Product Catalog for Shoes)

Created SPA for displaying a range of available shoes, as quickly as possible that requires no page reloads and no extra time for waiting. With local data caching, working offline is possible along with a linear user experience using HTML, CSS, JavaScript & JSON.
